

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notions" free any more than a merchant can lose over his customer the gift of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

WE MAKE IT A POINT

To have our best lines in all our departments come in the middle of August. In a few days many of our young friends will resume their studies—some at home, others in foreign educational institutes. It has always been our pride to send the boys well dressed. No matter what town or city they go to Hechinger's clothes wearers are the proper dressed youngsters. For this fall we made greater efforts than ever to supply ourselves, and consequently with the nobbiest clothing that fashion subscribes. Our fall Suits and Overcoats are the highest types of merchant tailoring art. Our stock represents the production of the acknowledged leading houses in the country. Our line of Shirts, Underwear, Hats, Ties, etc., is simply great. If the young miss needs a nice trunk we can supply you.

SHOES.

The results in our Shoe Department, though not a year old, are gratifying to us and fully as much to our shoe patrons. "The most comfortable pair of shoes I've worn for years," is the universal expression of those that wear them. Our \$2.85 and \$3 Smith & Stoughton French Calf Common Sense Shoes are the best in the market. Every pair we sell is made for us and warranted to give satisfaction. Money refunded if they don't. Our high-class Shoes, such as Vici Kid, Russian Calf, Patent Leather, Cordovan, &c., all of which are specially made for us by the Hart-Packard people, Brooklyn, Mass., fill the long felt wants in Mayville's shoe trade. We are daily receiving our fall stock in these lines. If your summer shoes are about worn out and you think it late to buy lightweight footwear we can fit you in the coming style of Fall Shoes. Respectfully,

TEACHERS INSTITUTE.

Mason County Pedagogues in Their Regular Session.

THE SECOND DAY'S SESSION.

The Institute opened by singing "Labor On" and "Bringing In the Sheaves." Devotional exercises were conducted by Mr. H. E. Gabby. Immediately the Institute proceeded to take up the work of the day. A discussion of "The School" was first entered into, "The Child" receiving the first attention, then "The Teacher." The following points were touched upon relative to "The Child": a—"Knowledge When He Enters," b—"His Environment," c—"His Views of Punishment," d—"Mental Activity." Messrs. Gabby, Thomas and Chandler, Miss Chambers, Mrs. Eckman and others took part in the discussion.

The "Life and Habits of the Teacher" received the greatest amount of consideration by the Institute, especially his personal habits. Mr. T. V. Chandler was present and gave quite an interesting talk. Miss Chambers, Miss Goddard and Messrs. Hicks, Turnpseed, Berry and other teachers made some splendid points. The tobacco-using teachers heard many mean things said about them.

Previous to the noon hour a debate was held, the question being: Resolved, That No Illiterate Should Be Allowed to Vote." The affirmative side was taken by Messrs. Reganette and Souley, the negative by Messrs. Gabby and Dugman. A vote of the house being taken showed a majority of four in favor of the affirmative. The negative strongly presented their side of the question, and had the vote been taken on the arguments produced instead of the question itself, they would have very probably won.

The subjects of "Reading," "Spelling" and "Writing" occupied the afternoon. A majority of the teachers expressed themselves as believing "Reading" to be the most important branch and the most poorly taught. Various definitions of "Reading" were given. Prof. Lumley's definition was as follows: "Reading is the art of conveying to our minds, and to the minds of others, the thought, feeling and sentiment found in the verse." Mr. Conley thought that "Reading," "Writing" and "Spelling" should be taught together, because one facilitates the other. Various methods of teaching "Reading" were given, the Word Method finding favor with the largest number. Prof. Lumley thought that reading in an unnatural tone is caused by the teacher, and he had quite a number of supporters. Other views on the question were presented. A unanimous agreement was reached that wrong reading is due to a failure in word mastering.

Prof. Lumley said, "Every one should strive to cultivate a love for good reading and a love for good literature." He paid glowing tributes to the Pathfinder and Youth's Companion as school-room journals. Toward the close of the afternoon the subject of Spelling received careful attention. A wide difference of opinion was manifested with regard to improvement in spelling. Many thought that the spellers of the "old blue back" school were superior to those of today. Mr. Berry said that in his opinion there was an improvement in spelling and it was due to the increased scope of the curriculum. Mr. Chandler branded the old way of spelling as "mechanical, the new way has its effect."

At the request of Mr. Hicks Prof. Lumley read and commented on an editorial in a recent issue of The Southern School, pertaining to a reform in spelling. Before adjournment for the day Superintendent Blattman appointed committees to draft resolutions of respect in memory of Miss Hattie Owens and Miss Eva W. McDaniel, the committee for the former being Miss Maude Adair, Miss Anna Hudson and Mr. W. C. Slay; the latter, Mr. Thomas Hawes, Miss Corneilia Downing and Miss Alice Dorsey. A debate was announced for Wednesday on the question, "Resolved, That Only the Common School Branches Should Be Taught at Public Expense." Affirmative, Messrs. I. S. Kay and W. T. Pollitt.

Negative, Messrs. P. D. Wells and G. W. Lindsey. Miss Greenhow will recite. The following teachers have enrolled since Monday: Frank D. Owens, Hayes Thomas, Amy Goddard, Elizabeth P. Key, D. C. Hutchins, J. B. Bradley, W. T. Berry, H. E. Gabby, Milley S. Howe, Lula Pollitt, E. Swift.

It will be learned with regret that Mr. Alfred Worick was worse this morning. The date of the dedication of the monument to be erected over Kentucky's Federal and Confederate in Chickasaw Park has been postponed, as the monument will not be in readiness by that time.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation, their size heads as sure as you take them. Henry W. Ray, adjoining Postoffice.
